YOUR WAY BACK INTO **BALANCE:** IMEDIS BIORESONANCE

A wisdom as old as time, a science as powerful as the minds of the greatest, Imedis bioresonance is one tool to offer you a simple, effective and lasting way to get back into balance. This non-intrusive method uses the science of frequency to re-adjust what's off. Combining the highly effective apparatus and the heart of the therapist, bioresonance bridges the best of two worlds: wisdom and empathy.

What is it

The technology used in the Imedis system was developed by scientists and has been tested over and over again. It has shown to be effective and helpful in the daily work of therapists all over the world.

How it works

Health and stability have a certain frequency, as does every healthy organ in your body. When we are unwell, frequencies are off. The machine detects the imbalances and re-establishes the frequencies in a way right for you.

Whom it can help

I've worked with clients suffering from asthma, allergies, or severe emotional disturbances, as well as with children with learning difficulties or fears, to only mention a few. Imedis bioresonance has been developed to assist in any challenge. Personally, I prefer working with a certain range of difficulties. I'd gladly have a chat with you to clarify if your issues match my expertise.

Appointments

Appointments are 90 minutes each and have to be booked in advance. Please make sure to arrive five to ten minutes early, this will give you some time to cool down from the stresses of the day.

For your questions or booking please call my mobile +43-(0) 699-150 19 756.

Sessions are conducted worldwide or in Gleisdorf, Business Park 6/1. Easily reached with public transport. Free parking available.
