DO I NEED A DETOX?

Our bodies are temples and should be treated accordingly. Oftentimes, that's easier said than done, as the stresses of the day, circumstances, and demands of every day life put a strain on our energy. The wise women of the past knew how to counteract those demands and I've learned to combine their knowledge with new insights and technologies to help you get rid of the toxins and metabolic waste as well as re-establish the integrity of your energy (life force or Chi). Here is a check list to help you decide.

- In the last five months I've had an x-ray, ultra sound, scan or MRI
- I have problems with my menstrual cycle and/or glands (thyroid, thymus, pineal)
- I am in a constant state of stress/arousal
- I have trouble sleeping
- I have had a vaccination
- I suffer from inexplicable headaches
- I have mood swings, but my doctor says I am healthy

If you answered yes to one or more of these questions, it's time to book your detox with me.

FREQUENTLY ASKED QUESTIONS

How does this work?/What to expect?

Expect a cozy place where you'll sit in a comfortable chair and a person really interested in your background. There'll be questions, there'll be time for you to tell your story. And then we start the actual session using bioresonance.

I am not familiar with bioresonance? What's that?

The Imedis Bioresonance technique was developed by scientists using quantum physics, biology, and frequency technology. Their combined knowledge resulted in a machine able to detect where your frequencies are off, low, or disturbed and to bring them back into balance. I've worked with this technique for years, with children, adults, and animals, and am still astonished at what it can do!

Is this included in my regular insurance?

If you are with Gesundheitskasse or SVS, then this is not included. However, many additional health insurances include bioresonance.

How do I book?

Simply call. Sessions are 90 minutes each and amount to 100EUR.

Where do I go?

In person sessions are held in beautiful Gleisdorf. My offices can easily be reached by train or bus and free parking is available for those coming by car.
